MESSAGE

The Department of Management Sciences in our College runs an MBA Degree programme for more than one-and-half decade, with approval from AICTE, New Delhi. Government of Andhra Pradesh and affiliation from Ahcarya Nagarjuna University.

Andhra Pradesh may well be proud of the fact that amongst its numerous, reputed educational institutions, the Department of Management Sciences of RVR & JC College of Engineering has established itself as one of the foremost Business Schools of the state.

We at RVR & JCCE are committed to holistic development, grooming, promising youngsters of today into competent manager of tomorrow. Our total focus is in equipping our students with the necessary skills in competitive intelligence, corporate strategies and soft skills. The institute provides an ideal environment to the students and faculty in the areas of Human Transformation, Research, Consultancy, Training and Development innovations. We are dedicated to nurture creative thinking and sharp intellect amongst our students for social benefits.

With Globalization, Management Education has been taken a more prominent role in the field of Business. In an increasingly interdependent global economy driven by knowledge and technology, regular and continuous interaction among the industry and Business Schools is inevitable. I am happy to learn that the Department of Management

Sciences, besides its regular teaching responsibility, organizes a number of guest lectures by Business Executives and senior faculty from Professional Institutes are invited. With a view to get the class room closer to the real world of business, the department brings out every year a Placement Brochure highlighting the academic write up of the Department including brief profiles of the outgoing batch of MBA students. My understanding is that this brochure is extremely useful in putting our outgoing students in touch with the outside industry and Business for improving their chances of employment.

The success of our institution is attributed to the untiring efforts of the Principal, competent, committed and intellectual faculty, the learning zeal of diverse students and highly dedicated supporting staff and administration.

I wish our Department of Management Sciences all success in its academic endeavours and become a good Centre of Excellence.

MESSAGE

I am immensely pleased to know that the Department of Management Sciences whose motto is "We strive to train Future Managers" is sincerely committed to develop the department into a Centre of Academic Excellence and to develop leaders capable of taking business decisions in a complex environment. I am happy to learn that the Department brings out every year a Placement Brochure of its MBA students and mails out to leading industrial organizations with the prime objective of keeping them informed the academic activities of the Department, besides providing them the academic profiles of students in the MBA programme for possible placement. I am glad to know that the Brochure is serving the purpose, all these years for which it is meant.

We observe today that life is full of challenges and opportunities. However, to unearth such opportunities and to be capable of facing the challenges in a dynamic global environment, the student needs to think creatively and innovatively.

Management Education at R.V.R. & J.C. College of Engineering surely fosters professional, intellectual and personal development that helps the student to think in innovative and creative manner. It focuses on strategic thinking - doing things differently rather than doing different things; decision making and analysis. Academic environment, intellectual capital, physical infrastructure, industry interface, placement and career oriented education are some of the important dimensions of the quality education offered by our institute. As new perspectives continue to emerge in liberalization,

globalization and rapid expansion of large MNCs and corporations have made the role of Management Education more crucial. Competent professionals who can accept internationally challenging responsibilities in the real world of business scenario are in great demand.

MBA, today has become a natural choice for many of the promising young men and women, pursuing an executive career. The faculty working from business schools have to groom youngsters pursuing management education to meet the challenges by imparting quality education, preferably with an international focus. To stay ahead of competition, Business Schools, I believe must be creative and innovative in aligning themselves quickly with the changing needs of the industry and business.

I am certain that our Department is striving hard to fulfil the mission for which it exists.

I wish the Department of Management Sciences all success in its efforts to attain academic excellence.

MESSAGE

I am extremely delighted to know that the Department of Management Sciences is releasing a Placement Brochure for its current batch of MBA students for positioning them for placement in Business and Industry.

Today, there are about 1500 Business Schools approved by the AICTE in India. It is everybody's view that the quality of Management Education varies drastically from institute to institute. In order to achieve reasonable excellence, Business Schools should aim at attracting high-quality faculty, engaged in constant research, training and consulting, besides good teaching competencies. Unfortunately, today, I understand very few of them have adequate number of qualified, skilled and competent faculty. With a view to improve the quality of Management Education, faculty members should constantly strive to update their academic competencies by participating in seminars, conferences and workshops with a view to keep abreast in their chosen fields of specialization. They should always stay focused academically to be competitive in the market. Besides, the faculty should establish close rapport with local industry and business and draw upon their expertise to make the academic programme effective and purposeful.

The Department of Management Sciences in our College is one of the best departments offering this course in this region and all the faculty of the Department are highly qualified, motivated and well experienced. The team of faculty led

by Prof.B.K.Surya Prakasha Rao are in continuous pursuit of research interest and are conducting many useful and relevant students meets, seminars, industrial study tours and expert lectures for the benefit of the students of the Department on a regular basis.

I wish the students and the faculty of the Department best of luck and success in their future endeavours in building the Department into a "Centre of Excellence".

PREAMBLE

The policy of open market economy and the consequent liberalization, deregulation that the countries have been going through in more recent years have thrown new challenges for the captains of Indian Industry and business for improving their competitiveness in the national and international environment, apart from mere survival. With constant adaptation of the state of the art technology in manufacture and marginalization of the difference in the quality of the product, the only factor that makes the big difference between success and failure is identified to be the skill in managing the enterprise. The industrially advanced nations used the productivity of their knowledge workers, such as managers as their cutting edge in competition than that of their production workers.

Responding to the social need for professional managers, Nagarjuna Education Society, Guntur, the pioneers in promoting quality education thought it appropriate to start a two-year full time Masters Degree in Business Administration in 1995 in the existing R.V.R. & J.C. College of Engineering, an institute of near excellence sponsored by the Society. The course had a head-on start with vast infrastructure and facilities, an established Library and Computer Centres, a large contingent of highly qualified staff with heterogeneous capabilities besides a professional college atmosphere, a high degree of campus discipline and above all an experienced Management.

The R.V.R. & J.C. College of Engineering, located at the 11th K.M. from Guntur on NH-5 is spread over a 30 acre land with a serene atmosphere, the nature blessing it with abundant natural beauty with planes and hills. The College offers eight U.G. Courses in Engineering, four M.Tech. courses and three P.G. Courses including M.B.A. The College is known for systematic and effective instruction and consistently produced the best results in the University and in other examinations like GATE, GRE and TOEFL etc. The infrastructural facilities have been developed with an investment of over Rs. 10 Crores.

In 1998, it has become the youngest college to have been accredited by the National Board of Accreditation of the AICTE and as on date, all the seven eligible B.Tech. Degree Courses have been accredited. The college has been awarded a second position among the Private Engineering Colleges that have been graded by the APSCHE, Hyderabad. According to a survey conducted by OUTLOOK, the college is adjudged as one amongst the top 100 colleges of Engineering in India in 2006 and the college secured First rank at the B.Tech. examinations conducted by Acharya Nagarjuna University for 2008.

DEPARTMENT OF MANAGEMENT SCIENCES

The Department of Management Sciences presently offers an AICTE approved 2-Year Full-time P.G. Degree Programme in Business Administration leading to the award of MBA Degree from Acharya Nagarjuna University under the Semester System.

The primary objective of the Department is to train young men and women for Management positions in Industry, Business and Government.

The Department lays emphasis on an integrated approach to Management with a focus on different functional areas, in addition to the core courses, in order to impart overall competency in Management necessary for accepting challenging responsibilities in the real world context.

The Faculty uses effective pedagogic skills that include classroom lectures supported by Audio Visual Aids, Guest Lectures to give a touch on reality, Group Discussions, Seminars, Case Studies to make the learning effective and comprehensive.

The Department functions in an environment conducive for high academic excellence, high discipline created by the commitment of the college management and the academic and administrative competencies of the successive Principals.

LONG RANGE GOALS

- To train young men and women in the SCIENCE & ART of professional Management.
- To develop in them skills, techniques and competencies to make them world-class.
- To create in them the commitment, the attitudes and the values necessary for the well being of the society.
- To grow into a Centre of Excellence in Management.
- To buildup Industry-Institution Interface on a sustaining basis.

SHORT RANGE GOALS

- To encourage creativity and innovation among students.
- To develop logical thinking and enhance communication and leadership skills among students.
- To encourage Faculty participation in National Conferences and Seminars.

Project Report

Viva - Voce Examination

Each theory paper carries 100 marks, of which 80 marks are earmarked for semester – end examination, and 20 marks are for internal assessment to be awarded by the teacher concerned on the basis of two internal tests for 10 marks, 5 marks for participation in seminars and group discussion (G.D.) and 5 marks for attendance. Two Internal tests are conducted and the performance of the best of the two is taken. However, if a student fails to take the tests; seminar/ G.D., no supplementary Internal Tests; Seminar/ G.D. will be conducted. No minimum qualifying mark is prescribed in the case of internal assessment.

SUMMER INTERNSHIP PROGRAMME AND VIVA-VOCE

For the award of the MBA Degree, it is mandatory for the student to undergo internship with a reputed business/ industrial house, for a period of 8 weeks at the end of the first year under the supervision of a Senior Faculty in the Department and a Senior Manager at the host company. The objective of the internship training programme is two-fold. It gives an exposure to the students of the corporate world and an opportunity to gain better insight into the working of an organization and to test out the application of Management concepts in the real world business context that the candidate has picked up during the course of the programme. The candidate has to take a viva-voce examination at the end of the second year based on the course work he has done during the programme and the report on the summer internship.

Some of the selected organizations that have extended internship facilities to the students include Rallis India; Hyundai Santro; TTK Pharma; Reddy Laboratories; B.P.L.; Air India; Nagarjuna Fertilizers; Indo Matshushita Appliances; K.C.P. Regional Head, AP
NSEIL, Mumbai

GUEST LECTURE PROGRAMME

To narrow down the gap between the theory and practice, the Department organises Guest Lectures by practicing business executives and eminent academicians from more reputed Institutes of Management as part of the academic programme.

Every attempt is made to widen the knowledge base of the students and to remove deficiencies in their understanding of the principles and practices. During the current year, lectures have been arranged in various functional areas of Management by senior executives from HDFC Life Insurance, Hyderabad, NSEIL, Hyderabad, Kusalava International Ltd., Vijayawada, Ramky Group, Hyderabad, TVS Group, Chennai, MSME, Hyderabad, Better Castings, Vijayawada and sister Universities, among others.

INDUSTRY-INSTITUTE INTERFACE

The Department of Management Sciences strives for building up lasting relationship with industry for a meaningful interaction with a view to get to know it and enhance respect between executives and academicians for a two-way transfer of knowledge and exchange of experiences. This is achieved through its guest lecture programme, student visits (accompanied by Faculty) to industrial units for hands-on experience, research projects undertaken by the Faculty on live business problems and industry participation in the seminars/workshop programme. It is gratifying to note that the local industry came forward of sponsor National Seminars organised by the Department on contemporary business topics in the past. This year leading Business firms sponsored a Management Student Meet – MANMEET–2013 organised by the department.

The Department takes advantage of the services of the Training and Placement Cell established by the college for finding placements for the students of the MBA degree programme.

SHORT VISITS TO INDUSTRY

The students of the MBA Degree Programme are taken on short visits to industrial units located in the area during the course of their study period with the primary purpose of exposing them to the world of practice and for acquiring first hand knowledge of the state of the art of Management, the way business problems are identified and analysed and decisions arrived at in the real world situations, such that they appreciate better the relevance of class room exposure through executive interaction.

Our Journal Section in the Library

LIBRARY

The college is endowed with a four storeyed 14,000 sq. ft. Library with a rich holding of nearly 22,000 up to date titles and 72,000 volumes in various branches of Engineering, Management and its related disciplines such as Computers, Statistics and Mathematics. 160 national and international journals are subscribed for to cover different functional areas of Management and related branches of study. The quality-rich library facilitates to keep the students and the Faculty abreast of the latest developments in their chosen fields of specializations. The students have access to the photocopying facility in the library.

The library also maintains a separate Book Bank specially funded by the Department of Social Welfare, Government of Andhra Pradesh, for exclusive benefit of the students that belong to weaker sections of the society.

COMPUTER CENTRE

The college, because of its exclusive focus on Professional education, is naturally fully equipped with computer software laboratory with 1500 terminals with latest configurations. Besides the college possesses licensed versions of the software for serving the training needs of students effectively.

The Nagarjuna Education Society, the sponsors of the College of Engineering, is always 'student-friendly' and aims at maximizing value addition to the student in all the academic policies it pursues from time to time. As a part of its student-friendly philosophy, a City Centre in Guntur town is set up by the college management with a reference library and a full fledged computer center with Internet facility for those students and Faculty who want to work beyond the college hours and to keep abreast of the world in a rapidly changing environment.

NSE'S CERTIFICATION IN FINANCIAL MARKETS (NCFM)

National Stock Exchange (NSE) is India's leading stock exchange covering various cities and towns across the country.

NCFM is an on-line testing system which tests the practical knowledge and skills required to operate in the financial markets. NCFM offers a comprehensive range of modules covering many different areas in finance.

Realising the huge gap for qualified financial professionals who are trained in stock market trading to guide the investors, NSE stepped into education sector and is trying to bridge the gap between industry and academia by giving a chance to capture various job opportunities in areas like Investment Banking, Insurance, Mutual Funds, Stock Broking, Currency Trading and Advisory Services.

Our Department included NCFM Certification in Final Semester as a part of regular curriculum.

Out of 72 students appeared 55 students (76%) cleared the on-line test.
